PUBLIC NOTICE

CALIFORNIA STATEWIDE INTEROPERABILITY EXECUTIVE COMMITTEE ANNOUNCES NEXT MEETING

The California Statewide Interoperability Executive Committee (CALSIEC) was established in 2003 by the Director of the Office of Emergency Services (OES) to consolidate California's administration of state and nationally designated Interoperability channels, and to fulfill California's responsibilities outlined by the FCC in 47 C.F.R. §90.525.

The next meeting of the California Statewide Interoperability Executive Committee (CALSIEC) will convene at 10:00 A.M. on Tuesday, June 8 2004, at:

Governor's Office of Emergency Services
Senator William P. Campbell Emergency Services Building
3650 Schriever Avenue
Mather, California 95655

(A map to the facility is attached.)

At this meeting the Committee will:

1. Discuss the progress of efforts at the national level on Public Safety Interoperability, and SIEC efforts in other states with communications problems applicable to California
2. Discuss interim operational procedures for the new nationwide VHF and UHF Interoperability Channels in California
3. Review the progress of Working Groups established following the first meeting of the Committee, and discuss any additional Working Groups or subcommittees to be established.

The full agenda will be posted on the Office of Emergency Services web site (<http://www.oes.ca.gov>) approximately May 21, 2004.

This meeting is open to the public. Lunch will not be provided; a list of area restaurants will be available at the meeting. Representatives of Federal, State, Tribal, County, City, and Special District Public Safety agencies, and non-governmental organizations with FCC Public Safety Radio Services eligibility are encouraged to attend and participate.

OES welcomes RSVPs from attendees for planning purposes. To RSVP, or for more information on the California Statewide Interoperability Executive Committee, please contact the Interoperability Programs Unit of the OES Telecommunications Section on 916.845.8630, or email interop@oes.ca.gov.
